What are we going to see in this session?

- Code structure
- Sample codes for other service provider
- Certification details

Code structure

Small scale infrastructure :

- ✓ We can maintain very basic code structure in small-scale infrastructure.

- ✓ Minimum files required are.
    - ✓ main.tf [provider & resource]
    - ✓ vars.tf [variables declared]
    - ✓ terraform.tfvars [variables & credentials defined]
    - ✓ output.tf [optional]
    - ✓ backend.tf [optional]

Medium & Large-scale infrastructure :

Medium scale infrastructure are well structured with modules

Minimum files required are.

Modules

- ✓ main.tf, output.tf, vars.tf

Prod

- ✓ main.tf

Staging

- ✓ main.tf

Sample codes for other service provider

- Vmware
- Azure
- GCP
